

# *Please Donate Non-Perishable Food Items For Homeless Vets!*

The Long Island Region Veteran's Committee is adding a meaningful element to the 2010 Local 870/Local 852 Conference by asking attendees to donate non-perishable food items for homeless veterans in Suffolk County.

This initiative relies on the generosity of school district and municipal employees in Suffolk County. A "donation box" will be positioned in a central location at the conference to maximize contributions for the benefit of those in need.

The charitable nature of CSEA members has been demonstrated time and again in similar ventures throughout Long Island.

We know our members have a high regard for veterans and look forward to another terrific response.
